**SolarEdge Announces Preliminary Financial Results;  
Will Announce Financial Results for the Third Quarter 2023  
on Wednesday, November 1, 2023**

**MILPITAS, Calif. — October 19, 2023.** SolarEdge Technologies, Inc. (Nasdaq: SEDG), a global leader in smart energy technology, today provided selected preliminary unaudited financial results for the third quarter ended September 30, 2023.

“During the second part of the third quarter of 2023, we experienced substantial unexpected cancellations and pushouts of existing backlog from our European distributors,” said Zvi Lando, Chief Executive Officer of SolarEdge. “We attribute these cancellations and pushouts to higher than expected inventory in the channels and slower than expected installation rates. In particular, installation rates for the third quarter were much slower at the end of the summer and in September where traditionally there is a rise in installation rates.”

As a result, third quarter revenue, gross margin and operating income will be below the low end of the prior guidance range. Additionally, the Company anticipates significantly lower revenues in the fourth quarter of 2023 as the inventory destocking process continues.

“The adjusted guidance is unrelated to the tragic events that have unfolded in Israel. While there has been some impact on daily routines at our headquarters, our offices and facilities are open worldwide, including in Israel, and we are manufacturing and providing customer support without interruption,” added Lando.

Third quarter revenue is now expected to be in the range of \$720 million to \$730 million, compared to the previous expectation of \$880 million to \$920 million.

GAAP gross margin is now expected to be within the range of 19% to 20%.

Non-GAAP gross margin\* is now expected to be within the range of 20.1% to 21.1%, compared to the previous expectation of 28% to 31%.

GAAP operating loss is now expected to be within the range of \$9 million to \$28 million.

Non-GAAP operating income\* is now expected to be within the range of \$12 million to \$31 million, compared to the previous expectation of \$115 million to \$135 million.

## Cautions Regarding Preliminary Estimates

The foregoing preliminary financial information reflects management's current views with respect to the Company's financial results. Such preliminary financial information is subject to the finalization and closing of the accounting books and records of the Company, which have yet to be fully performed, and should not be viewed as a substitute for full quarterly financial statements prepared in accordance with applicable accounting standards. In the course of preparing and finalizing the Company's financial statements for the third quarter ended September 30, 2023, these preliminary estimates will be subject to change and the Company may identify items that will require it to make adjustments to such estimates. For these or other reasons, these preliminary financial estimates may not ultimately be indicative of the Company's results for the third quarter ended September 30, 2023 and actual results may differ materially from those described above. No independent registered public accounting firm has reviewed, examined or performed any procedures with respect to, nor have they expressed any form of assurance on, these preliminary estimated results.

## Use of Non-GAAP Financial Measures

The Company has presented certain non-GAAP financial measures in this release, such as non-GAAP gross margin and non-GAAP operating income. Generally, a non-GAAP financial measure is a numerical measure of a company's performance, financial position, or cash flows that either exclude or include amounts that are not normally excluded or included in the most directly comparable measure calculated and presented in accordance with generally accepted accounting principles in the United States, or GAAP. Reconciliation of each non-GAAP financial measure to the most directly comparable GAAP financial measure can be found in the accompanying tables to this release. These non-GAAP financial measures do not reflect a comprehensive system of accounting, differ from GAAP measures with the same captions and may differ from non-GAAP financial measures with the same or similar captions that are used by other companies. As such, these non-GAAP measures should be considered as a supplement to, and not as a substitute for, or superior to, financial measures calculated in accordance with GAAP.

The Non-GAAP measures are presented in this press release because we believe that they provide investors with a means of evaluating and understanding how the Company's management evaluates the company's operating performance. The non-GAAP financial measures in this earnings release may differ from similarly titled measures used by other companies. See "[Reconciliation of GAAP to Non-GAAP Financial Measures](#)" below for [reconciliation of relevant GAAP to non-GAAP measures presented in this release.](#)
